

## FINAL TERMS DATED 30 MARCH 2020

**BNP Paribas Issuance B.V.**  
(incorporated in The Netherlands)  
(as Issuer)

Legal entity identifier (LEI): 7245009UXRIGIRYOB48

**BNP Paribas**  
(incorporated in France)  
(as Guarantor)

Legal entity identifier (LEI): R0MUWSFPU8MPRO8K5P83

(Warrant and Certificate Programme)

### EUR "Open End Turbo" Certificates relating to an Index

**BNP Paribas Arbitrage S.N.C.**  
(as Manager)

Any person making or intending to make an offer of the Securities may only do so :

- (i) in those Non-exempt Offer Jurisdictions mentioned in Paragraph 37 of Part A below, provided such person is a Manager or an Authorised Offeror (as such term is defined in the Base Prospectus) and that the offer is made during the Offer Period specified in that paragraph and that any conditions relevant to the use of the Base Prospectus are complied with; or
- (ii) otherwise in circumstances in which no obligation arises for the Issuer or any Manager to publish a prospectus pursuant to Article 3 of the Prospectus Directive or to supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer.

None of the Issuer, the Guarantor or any Manager has authorised, nor do they authorise, the making of any offer of Securities in any other circumstances.

## PART A - CONTRACTUAL TERMS

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth in the Base Prospectus dated 3 July 2019, each Supplement to the Base Prospectus published and approved on or before the date of these Final Terms (copies of which are available as described below) and any other Supplement to the Base Prospectus which may have been published and approved before the issue of any additional amount of Securities (the "**Supplements**") (provided that to the extent any such Supplement (i) is published and approved after the date of these Final Terms and (ii) provide for any change to the Conditions of the Securities such changes shall have no effect with respect to the Conditions of the Securities to which these Final Terms relate) which together constitute a base prospectus for the purposes of Directive 2003/71/EC (as amended and superseded, the "**Prospectus Directive**") (the "**Base Prospectus**"). This document constitutes the Final Terms of the Securities described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with the Base Prospectus.

Full information on BNP Paribas Issuance B.V. (the "**Issuer**"), BNP Paribas (the "**Guarantor**") and the offer of the Securities is only available on the basis of the combination of these Final Terms and the Base Prospectus. A summary of the Securities (which comprises the Summary in the Base Prospectus as amended to reflect the provisions of these Final Terms) is annexed to these Final Terms. **The Base Prospectus, any Supplement(s) to the Base Prospectus and these Final Terms are available for viewing, respectively, on the following websites: [www.produitsdebourse.bnpparibas.fr](http://www.produitsdebourse.bnpparibas.fr) for public offering in France and [www.bnpparibasmarkets.be](http://www.bnpparibasmarkets.be) for public offering in Belgium and copies may be obtained free of charge at the specified offices of the Security Agents.**

References herein to numbered Conditions are to the terms and conditions of the relevant series of Securities and words and expressions defined in such terms and conditions shall bear the same meaning in these Final Terms in so far as they relate to such series of Securities, save as where otherwise expressly provided.

These Final Terms relate to the series of Securities as set out in "Specific Provisions for each Series" below. References herein to "**Securities**" shall be deemed to be references to the relevant Securities that are the subject of these Final Terms and references to "**Security**" shall be construed accordingly.

## GENERAL PROVISIONS

The following terms apply to each series of Securities:

1. **Issuer:** BNP Paribas Issuance B.V.
2. **Guarantor:** BNP Paribas
3. **Trade Date:** 27 March 2020.
4. **Issue Date:** 30 March 2020.
5. **Consolidation:** Not applicable.
6. **Type of Securities:**
  - (a) Certificates.
  - (b) The Securities are Index Securities.

The provisions of Annex 2 (Additional Terms and Conditions for Index Securities) and Annex 9 (Additional Terms and Conditions for OET Certificates) shall apply.

Unwind Costs: Not applicable.

Waiver of Set-Off: Not applicable.

Essential Trigger: Applicable.
7. **Form of Securities:** Dematerialised bearer form (*au porteur*).
8. **Business Day Centre(s):** The applicable Business Day Centre for the purposes of the definition of "Business Day" in Condition 1 is TARGET2.
9. **Settlement:** Settlement will be by way of cash payment (Cash Settled Securities).

Issuer's Option to Substitute: Not applicable.
10. **Rounding Convention for cash Settlement Amount:** Not applicable.
11. **Variation of Settlement:**

**Issuer's option to vary settlement:** The Issuer does not have the option to vary settlement in respect of the Securities.
12. **Final Payout:**

**ETS Payout:** **Leverage Products:**

ETS Final Payout 2210.

Call Securities or Put Securities (see the Specific Provisions for each Series above).

**Aggregation:** Not applicable.
13. **Relevant Asset(s):** Not applicable.
14. **Entitlement:** Not applicable.
15. **Conversion Rate:** The Conversion Rate on the Valuation Date or an Optional Redemption Valuation Date equals one if the relevant Index Currency is the same as the Settlement Currency or otherwise the rate determined by the Calculation Agent by reference to [www.bloomberg.com/markets/currencies/fx-fixings](http://www.bloomberg.com/markets/currencies/fx-fixings) (or any successor website or page thereto, as determined by the Calculation Agent) at approximately 2.00 p.m. Frankfurt time between the relevant Index Currency and the Settlement Currency, provided that, if such source is not available, such rate of exchange may be determined by the Calculation Agent by reference to such sources as it considers to be

appropriate acting in good faith and in a commercially reasonable manner, having taken into account relevant market practice.

The Conversion Rate Early equals one if the relevant Index Currency is the same as the Settlement Currency or otherwise the rate determined by the Calculation Agent during the three-hour period immediately following the occurrence of an Automatic Early Redemption Event by reference to such sources as it considers appropriate acting in good faith and in a commercially reasonable manner, having taken into account relevant market practice.

## Responsibility

The Issuer accepts responsibility for the information contained in these Final Terms. To the best of the knowledge of the Issuer (who has taken all reasonable care to ensure that such is the case), the information contained herein is in accordance with the facts and does not omit anything likely to affect the import of such information.

Signed on behalf of BNP Paribas Issuance B.V.

As Issuer:

A handwritten signature in blue ink, consisting of a large loop followed by a series of strokes that resemble the letters 'I' and 'h'.

By:

.....  
Duly authorised

## **PART B - OTHER INFORMATION**

### **1. Listing and Admission to trading - De listing**

Application has been made to list the Securities on Euronext Paris and to admit the Securities described herein for trading on Euronext Paris, with effect from the Issue Date.

The de-listing of the Securities on the exchange specified above shall occur on at the opening time on the Valuation Date, subject to any change to such date by such exchange or any competent authorities, for which the Issuer and the Guarantor shall under no circumstances be liable.

### **2. Ratings**

The Securities have not been rated.

### **3. Interests of Natural and Legal Persons Involved in the Issue**

Save as discussed in the "*Potential Conflicts of Interest*" paragraph in the "*Risks*" section in the Base Prospectus, so far as the Issuer is aware, no person involved in the issue of the Securities has an interest material to the issue.

### **4. Performance of Underlying/Formula/Other Variable and Other Information concerning the Underlying Reference**

See Base Prospectus for an explanation of effect on value of Investment and associated risks in investing in Securities.

Information on each Index shall be available on the relevant Index Sponsor website as set out in "Specific Provisions for each Series" in Part A.

Past and further performances of each Index are available on the relevant Index Sponsor website as set out in "Specific Provisions for each Series" in Part A and the volatility of each Index as well as the Conversion Rate may be obtained from the Calculation Agent at the phone number: **0 800 235 000**.

The Issuer does not intend to provide post-issuance information.

### **Index Disclaimer**

Neither the Issuer nor the Guarantor shall have any liability for any act or failure to act by an Index Sponsor in connection with the calculation, adjustment or maintenance of an Index. Except as disclosed prior to the Issue Date, neither the Issuer, the Guarantor nor their affiliates has any affiliation with or control over an Index or Index Sponsor or any control over the computation, composition or dissemination of an Index. Although the Calculation Agent will obtain information concerning an Index from publicly available sources it believes reliable, it will not independently verify this information. Accordingly, no representation, warranty or undertaking (express or implied) is made and no responsibility is accepted by the Issuer, the Guarantor, their affiliates or the Calculation Agent as to the accuracy, completeness and timeliness of information concerning an Index.

### **CAC40® Index**

Euronext N.V. or its subsidiaries holds all (intellectual) proprietary rights with respect to the Index. Euronext N.V. or its subsidiaries do not sponsor, endorse or have any other involvement in the issue and offering of the product. Euronext N.V. and its subsidiaries disclaim any liability for any inaccuracy in the data on which the Index is based, for any mistakes, errors, or omissions in the calculation and/or dissemination of the Index, or for the manner in which it is applied in connection with the issue and offering thereof.

CAC40® and CAC40-index® are registered trademarks of Euronext N.V. or its subsidiaries.

### **Dow Jones Industrial Average® Index**

The Dow Jones Industrial Average® Index (the "INDEX") is a product of S&P Dow Jones Indices LLC, a division of S&P Global, or its affiliates ("SPDJI"), and has been licensed for use by BNP Paribas (the "Licensee"). Standard & Poor's® and S&P® are registered trademarks of Standard & Poor's Financial Services LLC, a division of S&P Global ("S&P"); Dow

Jones® is a registered trademark of Dow Jones Trademark Holdings LLC ("Dow Jones"); It is not possible to invest directly in an index. The issue of Securities (the "Licensee's Product(s)") are not sponsored, endorsed, sold or promoted by SPDJI, Dow Jones, S&P, any of their respective affiliates (collectively, "S&P Dow Jones Indices"). S&P Dow Jones Indices make any representation or warranty, express or implied, to the owners of the Licensee's Product(s) or any member of the public regarding the advisability of investing in securities generally or in Licensee's Product(s) particularly or the ability of the INDEX to track general market performance. Past performance of an index is not an indication or guarantee of future results. S&P Dow Jones Indices only relationship to Licensee with respect to the INDEX is the licensing of the Index and certain trademarks, service marks and/or trade names of S&P Dow Jones Indices and/or its licensors. The INDEX is determined, composed and calculated by S&P Dow Jones Indices without regard to Licensee or the Licensee's Product(s). S&P Dow Jones Indices have no obligation to take the needs of Licensee or the owners of Licensee's Product(s) into consideration in determining, composing or calculating the INDEX. S&P Dow Jones Indices are responsible for and have not participated in the determination of the prices, and amount of Licensee's Product(s) or the timing of the issuance or sale of Licensee's Product(s) or in the determination or calculation of the equation by which Licensee's Product(s) is to be converted into cash, surrendered or redeemed, as the case may be. S&P Dow Jones Indices have no obligation or liability in connection with the administration, marketing or trading of Licensee's Product(s). There is no assurance that investment products based on the INDEX will accurately track index performance or provide positive investment returns. S&P Dow Jones Indices LLC is not an investment or tax advisor. A tax advisor should be consulted to evaluate the impact of any tax-exempt securities on portfolios and the tax consequences of making any particular investment decision. Inclusion of a security within an index is not a recommendation by S&P Dow Jones Indices to buy, sell, or hold such security, nor is it considered to be investment advice.

S&P DOW JONES INDICES GUARANTEES THE ADEQUACY, ACCURACY, TIMELINES AND/OR THE COMPLETENESS OF THE INDEX OR ANY DATA RELATED THERETO OR ANY COMMUNICATION, INCLUDING BUT NOT LIMITED TO, ORAL OR WRITTEN COMMUNICATION (INCLUDING ELECTRONIC COMMUNICATIONS) WITH RESPECT THERETO. S&P DOW JONES INDICES SHALL NOT BE SUBJECT TO ANY DAMAGES OR LIABILITY FOR ANY ERRORS, OMISSIONS, OR DELAYS THEREIN. S&P DOW JONES INDICES MAKE NO EXPRESS OR IMPLIED WARRANTIES, AND EXPRESSLY DISCLAIM ALL WARRANTIES, OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE OR AS TO RESULTS TO BE OBTAINED BY LICENSEE, OWNERS OF THE LICENSEE'S PRODUCT(S), OR ANY OTHER PERSON OR ENTITY FROM THE USE OF THE INDEX OR WITH RESPECT TO ANY DATA RELATED THERETO. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT WHATSOEVER SHALL S&P DOW JONES INDICES BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES INCLUDING BUT NOT LIMITED TO, LOSS OF PROFITS, TRADING LOSSES, LOST TIME OR GOODWILL, EVEN IF THEY HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, WHETHER IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE. THERE ARE NO THIRD PARTY BENEFICIARIES OF ANY AGREEMENTS OR ARRANGEMENTS BETWEEN S&P DOW JONES INDICES AND LICENSEE, OTHER THAN THE LICENSORS OF S&P DOW JONES INDICES.

#### **NASDAQ 100® Index**

The Product(s) is not sponsored, endorsed, sold or promoted by Nasdaq, Inc. or its affiliates (NASDAQ, with its affiliates, are referred to as the "Corporations"). The Corporations have not passed on the legality or suitability of, or the accuracy or adequacy of descriptions and disclosures relating to, the Product(s). The Corporations make no representation or warranty, express or implied to the owners of the Product(s) or any member of the public regarding the advisability of investing in securities generally or in the Product(s) particularly, or the ability of the Nasdaq-100 Index® to track general stock market performance. The Corporations' only relationship to BNP PARIBAS ("Licensee") is in the licensing of the Nasdaq®, Nasdaq-100®, and Nasdaq-100 Index® registered trademarks, and certain trade names of the Corporations and the use of the Nasdaq-100 Index® which is determined, composed and calculated by NASDAQ without regard to Licensee or the Product(s). NASDAQ has no obligation to take the needs of the Licensee or the owners of the Product(s) into consideration in determining, composing or calculating the Nasdaq-100 Index®. The Corporations are not responsible for and have not participated in the determination of the timing of, prices at, or quantities of the Product(s) to be issued or in the determination or calculation of the equation by which the Product(s) is to be converted into cash. The Corporations have no liability in connection with the administration, marketing or trading of the Product(s).

**The Corporations do not guarantee the accuracy and/or uninterrupted calculation of the Nasdaq-100 index® or any data included therein. The Corporations make no warranty, express or implied, as to results to be obtained by Licensee, owners of the product(s), or any other person or entity from the use of the Nasdaq-100 Index® or any data included therein. The Corporations make no express or implied warranties, and expressly disclaim all warranties of merchantability or fitness for a particular purpose or use with respect to the Nasdaq-100 Index® or any data included therein. Without limiting any of the foregoing, in no event shall the Corporations have any liability for any lost profits or special, incidental, punitive, indirect, or consequential damages, even if notified of the possibility of such damages.**

#### **S&P 500® Index**

The S&P 500® Index (the "INDEX") is a product of S&P Dow Jones Indices LLC, a division of S&P Global, or its affiliates ("SPDJ"), and has been licensed for use by BNP Paribas (the "Licensee"). Standard & Poor's® and S&P® are registered trademarks of Standard & Poor's Financial Services LLC, a division of S&P Global ("S&P"); Dow Jones® is a registered trademark of Dow Jones Trademark Holdings LLC ("Dow Jones"); It is not possible to invest directly in an index. The issue of Securities (the "Licensee's Product(s)") are not sponsored, endorsed, sold or promoted by SPDJI, Dow Jones, S&P, any of their respective affiliates (collectively, "S&P Dow Jones Indices"). S&P Dow Jones Indices make any representation or warranty, express or implied, to the owners of the Licensee's Product(s) or any member of the public regarding the advisability of investing in securities generally or in Licensee's Product(s) particularly or the ability of the INDEX to track general market performance. Past performance of an index is not an indication or guarantee of future results. S&P Dow Jones Indices only relationship to Licensee with respect to the INDEX is the licensing of the Index and certain trademarks, service marks and/or trade names of S&P Dow Jones Indices and/or its licensors. The INDEX is determined, composed and calculated by S&P Dow Jones Indices without regard to Licensee or the Licensee's Product(s). S&P Dow Jones Indices have no obligation to take the needs of Licensee or the owners of Licensee's Product(s) into consideration in determining, composing or calculating the INDEX. S&P Dow Jones Indices are responsible for and have not participated in the determination of the prices, and amount of Licensee's Product(s) or the timing of the issuance or sale of Licensee's Product(s) or in the determination or calculation of the equation by which Licensee's Product(s) is to be converted into cash, surrendered or redeemed, as the case may be. S&P Dow Jones Indices have no obligation or liability in connection with the administration, marketing or trading of Licensee's Product(s). There is no assurance that investment products based on the INDEX will accurately track index performance or provide positive investment returns. S&P Dow Jones Indices LLC is not an investment or tax advisor. A tax advisor should be consulted to evaluate the impact of any tax-exempt securities on portfolios and the tax consequences of making any particular investment decision. Inclusion of a security within an index is not a recommendation by S&P Dow Jones Indices to buy, sell, or hold such security, nor is it considered to be investment advice.

S&P DOW JONES INDICES GUARANTEES THE ADEQUACY, ACCURACY, TIMELINES AND/OR THE COMPLETENESS OF THE INDEX OR ANY DATA RELATED THERETO OR ANY COMMUNICATION, INCLUDING BUT NOT LIMITED TO, ORAL OR WRITTEN COMMUNICATION (INCLUDING ELECTRONIC COMMUNICATIONS) WITH RESPECT THERETO. S&P DOW JONES INDICES SHALL NOT BE SUBJECT TO ANY DAMAGES OR LIABILITY FOR ANY ERRORS, OMISSIONS, OR DELAYS THEREIN. S&P DOW JONES INDICES MAKE NO EXPRESS OR IMPLIED WARRANTIES, AND EXPRESSLY DISCLAIM ALL WARRANTIES, OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE OR AS TO RESULTS TO BE OBTAINED BY LICENSEE, OWNERS OF THE LICENSEE'S PRODUCT(S), OR ANY OTHER PERSON OR ENTITY FROM THE USE OF THE INDEX OR WITH RESPECT TO ANY DATA RELATED THERETO. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT WHATSOEVER SHALL S&P DOW JONES INDICES BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES INCLUDING BUT NOT LIMITED TO, LOSS OF PROFITS, TRADING LOSSES, LOST TIME OR GOODWILL, EVEN IF THEY HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, WHETHER IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE. THERE ARE NO THIRD PARTY BENEFICIARIES OF ANY AGREEMENTS OR ARRANGEMENTS BETWEEN S&P DOW JONES INDICES AND LICENSEE, OTHER THAN THE LICENSORS OF S&P DOW JONES INDICES.

## 5. Operational Information

**Relevant Clearing System(s):** Euroclear France.

None.

Name and address of the co-ordinator(s) of the global offer and of single parts of the offer:

BNP Paribas  
20 Boulevard des Italiens, 75009 Paris, France.

Name and address of any paying agents and depository agents in each country (in addition to the Principal Paying Agent):

Not applicable.

Entities agreeing to underwrite the issue on a firm commitment basis, and entities agreeing to place the issue without a firm commitment or under "best efforts" arrangements:

BNP Paribas Arbitrage S.N.C.

When the underwriting agreement has been or will be reached:

Not applicable.

## 8. EU Benchmarks Regulation

EU Benchmarks Regulation: Article 29(2)statement on benchmarks:

Applicable: Amounts payable under the Securities are calculated by reference to the relevant Benchmark which is provided by the relevant Administrator, as specified in the table below.

As at the date of these Final Terms, the relevant Administrator is not included / included, as the case may be, in the register of Administrators and Benchmarks established and maintained by the European Securities and Markets Authority ("ESMA") pursuant to article 36 of the Benchmarks Regulation (Regulation (EU) 2016/1011) (the "BMR"), as specified in the table below.

As far as the Issuer is aware, the transitional provisions in Article 51 of the BMR apply, such that the relevant Administrator is not currently required to obtain authorisation/registration, as specified in the table below.

| Benchmark                     | Administrator                           | Register     |
|-------------------------------|-----------------------------------------|--------------|
| CAC 40®                       | Euronext Paris                          | Included     |
| EURIBOR 1M                    | European Money Markets Institute (EMMI) | Included     |
| Dow Jones Industrial Average® | S&P Dow Jones Indices LLC               | Included     |
| USD-LIBOR 1M                  | ICE Benchmark Administration Limited    | Included     |
| Nasdaq-100 ®                  | Nasdaq Inc.                             | Not included |
| S&P 500®                      | S&P Dow Jones Indices LLC               | Included     |

## ISSUE SPECIFIC SUMMARY IN RELATION TO THIS BASE PROSPECTUS

*Summaries are made up of disclosure requirements known as "Elements". These Elements are numbered in Sections A - E (A.1 - E.7). This Summary contains all the Elements required to be included in a summary for this type of Securities, Issuer and Guarantor. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements. Even though an Element may be required to be inserted in the summary because of the type of Securities, Issuer and Guarantor(s), it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element should be included in the summary explaining why it is not applicable.*

### Section A - Introduction and warnings

| Element | Title                                                                                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |

| <b>B.19/ B.4b</b> | Trend information                                           | <p><b>Macroeconomic environment</b></p> <p>Macroeconomic and market conditions affect BNPP's results. The nature of BNPP's business makes it particularly sensitive to macroeconomic and market conditions in Europe.</p> <p>In 2018, global growth remained healthy at around 3.7% (according to the IMF), reflecting a stabilised growth rate in advanced economies (+2.4% after +2.3% in 2017) and in emerging economies (+4.6% after +4.7% in 2017). Since the economy was at the peak of its cycle in large developed countries, central banks continued to tighten accommodating monetary policy or planned to taper it. With inflation levels still moderate, however, central banks were able to manage this transition gradually, thereby limiting the risks of a marked downturn in economic activity. Thus, the IMF expects the global growth rate experienced over the last two years to continue in 2019 (+3.5%) despite the slight slowdown expected in advanced economies.</p> <p>In this context, the following two risk categories can be identified:</p> |

| Element | Title |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |

|         |       | <p><i>Risks of financial instability due to the conduct of monetary policies</i></p> <p>Two risks should be emphasised: a sharp increase in interest rates and the current very accommodating monetary policy being maintained for too long.</p> <p>On the one hand, the continued tightening of monetary policy in the United States (which started in 2015) and the less-accommodating monetary policy in the euro zone (reduction in assets purchases started in January 2018, with an end in December 2018) involve risks of financial turbulence and economic slowdown more pronounced than expected. The risk of an inadequately controlled rise in long-term interest rates may in particular be emphasised, under the scenario of an unexpected increase in inflation or an unanticipated tightening of monetary policies. If this risk materialises, it could have negative consequences on the asset markets, particularly those for which risk premiums are extremely low compared to their historic average, following a decade of accommodating monetary policies (credit to non-investment grade corporates or countries, certain sectors of the equity and bond markets, etc.) as well as on certain interest rate-sensitive sectors.</p> <p>On the other hand, despite the upturn since mid-2016, interest rates remain low, which may continue to encourage excessive risk-taking among some players in the financial systemmarket participants: increased lengthening maturities of financings and assets held, less stringent credit policy for granting loans, and an increase in leveraged financings. Some players of these participants (insurance companies, pension funds, asset managers, etc.) entail have an increasingly systemic dimension and in the event of market turbulence (linked for instance example to a sudden sharp rise in interest rates and/or a sharp price correction) they may decide could be brought to unwind large positions in a relatively weak market liquidity.</p> <p><i>Systemic risks related to increased debt</i></p> <p>Macro-economically, the impact of an interest rate increase could be significant for countries with high public and/or private debt-to-GDP. This is particularly the case for certain European countries (in particular Greece, Italy, and Portugal), which are posting public debt-to-GDP ratios often above 100% but also for emerging countries.</p> <p>Between 2008 and 2018, the latter recorded a marked increase in their debt, including foreign currency debt owed to foreign creditors. The private sector was the main source of the increase in this debt, but also the public sector to a lesser extent, particularly in Africa. These countries are particularly vulnerable to the prospect of a tightening in monetary policies in the advanced economies. Capital outflows could weigh on exchange rates, increase the costs of servicing that debt, import inflation, and cause the emerging countries' central banks to tighten their credit conditions. This would bring about a reduction in forecast economic growth, possible downgrades of sovereign ratings, and an increase in risks for the banks. While the exposure of the BNP Paribas Group to emerging countries is limited, the vulnerability of these economies may generate disruptions in the global financial system that could affect the Group and potentially alter its results.</p> <p>It should be noted that debt-related risk could materialise, not only in the event of a sharp rise in interest rates, but also with any negative growth shocks.</p> <p><b><i>Laws and regulations applicable to financial institutions</i></b></p> <p>Recent and future changes in the laws and regulations applicable to financial institutions may have a significant impact on BNPP. Measures that were recently adopted or which are (or whose application measures are) still in draft format, that have or are likely to have an impact on BNPP notably include:</p> <ul style="list-style-type: none"> <li>– regulations governing capital: the Capital Requirements Directive IV ("<b>CRD 4</b>")/the Capital Requirements Regulation ("<b>CRR</b>"), the international standard for total-loss-absorbing capacity ("<b>TLAC</b>") and BNPP's designation as a financial institution that is of systemic importance by the Financial Stability Board;</li> </ul> |

|         |       | <ul style="list-style-type: none"> <li>– the structural reforms comprising the French banking law of 26 July 2013 requiring that banks create subsidiaries for or segregate "speculative" proprietary operations from their traditional retail banking activities, the "Volcker rule" in the US which restricts proprietary transactions, sponsorship and investment in private equity funds and hedge funds by US and foreign banks;</li> <li>– the European Single Supervisory Mechanism and the ordinance of 6 November 2014;</li> <li>– the Directive of 16 April 2014 related to deposit guarantee systems and its delegation and implementing Decrees, the Directive of 15 May 2014 establishing a Bank Recovery and Resolution framework, the Single Resolution Mechanism establishing the Single Resolution Council and the Single Resolution Fund;</li> <li>– the Final Rule by the US Federal Reserve imposing tighter prudential rules on the US transactions of large foreign banks, notably the obligation to create a separate intermediary holding company in the US (capitalised and subject to regulation) to house their US subsidiaries;</li> <li>– the new rules for the regulation of over-the-counter derivative activities pursuant to Title VII of the Dodd-Frank Wall Street Reform and Consumer Protection Act, notably margin requirements for uncleared derivative products and the derivatives of securities traded by swap dealers, major swap participants, security-based swap dealers and major security-based swap participants, and the rules of the US Securities and Exchange Commission which require the registration of banks and major swap participants active on derivatives markets and transparency and reporting on derivative transactions;</li> <li>– the new Markets in Financial Instruments Directive ("<b>MiFID II</b>") and Markets in Financial Instruments Regulation ("<b>MiFIR</b>"), and European regulations governing the clearing of certain over-the-counter derivative products by centralised counterparties and the disclosure of securities financing transactions to centralised bodies.</li> <li>– the General Data Protection Regulation ("<b>GDPR</b>") came into force on 25 May 2018. This regulation aims to move the European data confidentiality environment forward and improve personal data protection within the European Union. Businesses run the risk of severe penalties if they do not comply with the standards set by the GDPR. This Regulation applies to all banks providing services to European citizens; and</li> <li>– the finalisation of Basel 3 published by the Basel committee in December 2017, introducing a revision to the measurement of credit risk, operational risk and credit valuation adjustment ("<b>CVA</b>") risk for the calculation of risk-weighted assets. These measures are expected to come into effect in January 2022 and will be subject to an output floor (based on standardised approaches), which will be gradually applied as of 2022 and reach its final level in 2027.</li> </ul> <p>Moreover, in this tougher regulatory context, the risk of non-compliance with existing laws and regulations, in particular those relating to the protection of the interests of customers and personal data, is a significant risk for the banking industry, potentially resulting in significant losses and fines. In addition to its compliance system, which specifically covers this type of risk, the BNP Paribas Group places the interest of its customers, and more broadly that of its stakeholders, at the heart of its values. Thus, the code of conduct adopted by the BNP Paribas Group in 2016 sets out detailed values and rules of conduct in this area.</p> <p><b>Cyber security and technology risk</b></p> <p>BNPP's ability to do business is intrinsically tied to the fluidity of electronic transactions</p> |

| Element                                               | Title                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |  |                                          |                                        |          |        |        |              |         |         |                         |       |       |  |                   |                   |                                            |        |        |  |                                          |                                        |                                  |           |           |                                                       |         |         |                                     |         |         |                                    |         |         |  |                          |                         |          |        |        |              |         |         |

|                                                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | <p>as well as the protection and security of information and technology assets.</p> <p>The technological change is accelerating with the digital transformation and the resulting increase in the number of communications circuits, proliferation in data sources, growing process automation, and greater use of electronic banking transactions.</p> <p>The progress and acceleration of technological change are giving cybercriminals new options for altering, stealing, and disclosing data. The number of attacks is increasing, with a greater reach and sophistication in all sectors, including financial services.</p> <p>The outsourcing of a growing number of processes also exposes the Group to structural cyber security and technology risks leading to the appearance of potential attack vectors that cybercriminals can exploit.</p> <p>Accordingly, the BNP Paribas Group has a second line of defence within the Risk Function dedicated to managing technical and cyber security risks. Thus, operational standards are regularly adapted to support the Bank's digital evolution and innovation while managing existing and emerging threats (such as cyber-crime, espionage, etc.).</p> |  |                                          |                                        |          |        |        |              |         |         |                         |       |       |  |                   |                   |                                            |        |        |  |                                          |                                        |                                  |           |           |                                                       |         |         |                                     |         |         |                                    |         |         |  |                          |                         |          |        |        |              |         |         |

| D.2     | Key risks regarding the Issuer and the Guarantor | <p>Prospective purchasers of the Securities should be experienced with respect to options and options transactions and should understand the risks of transactions involving the Securities. An investment in the Securities presents certain risks that should be taken into account before any investment decision is made. Certain risks may affect the Issuer's ability to fulfil its obligations under the Securities or the Guarantor's ability to perform its obligations under the Guarantee (in the case of Securities issued by BNPP B.V.), some of which are beyond its control. In particular, the Issuer (and the Guarantor, in the case of Securities issued by BNPP B.V.), together with the BNPP Group, are exposed to the risks associated with its activities, as described below:</p> <p><b>Issuer</b></p> <p>The main risks described above in relation to BNPP also represent the main risks for BNPP B.V., either as an individual entity or a company in the BNPP Group.</p> <p><b>Dependency Risk</b></p> <p>BNPP B.V. is an operating company. The assets of BNPP B.V. consist of the obligations of other BNPP Group entities. The ability of BNPP B.V. to meet its own obligations will depend on the ability of other BNPP Group entities to fulfil their obligations. In respect of securities it issues, the ability of BNPP B.V. to meet its obligations under such securities depends on the receipt by it of payments under certain hedging agreements that it enters with other BNPP Group entities. Consequently, Holders of BNPP B.V. securities will, subject to the provisions of the Guarantee issued by BNPP, be exposed to the ability of BNPP Group entities to perform their obligations under such hedging agreements.</p> <p><b>Credit Risk</b></p> <p>BNPP B.V. has significant concentration of credit risks as all OTC contracts, option and swap agreements are acquired from its parent company and other BNPP Group entities and such credit risks amount to EUR 56.2 billion as at 31 December 2018.</p> <p><b>Liquidity Risk</b></p> <p>BNPP B.V. has significant liquidity risk exposure. To mitigate this exposure, BNPP B.V. entered into netting agreements with its parent company and other BNPP Group entities. The remaining risk amounts to EUR 2.7 million as at 31 December 2018.</p> <p><b>Guarantor</b></p> <p>There are certain factors that may affect BNPP's ability to fulfil its obligations under the Securities issued under this Base Prospectus and the Guarantor's obligations under the Guarantee.</p> <p>BNPP's 2019 unaudited financial statements set out seven main categories of risk inherent in its activities:</p> <ol style="list-style-type: none"> <li>(1) <b>Credit Risk</b> - Credit risk is the consequence resulting from the likelihood that a borrower or counterparty will fail to meet its obligations in accordance with agreed terms. The probability of default and the expected recovery on the loan or receivable in the event of default are key components of the credit quality assessment. BNPP's risk-weighted assets subject to this type of risk amounted to EUR 524 billion at 31 December 2019.</li> <li>(2) <b>Securisation in the Banking Portfolio</b> - Securitisation means a transaction or scheme, whereby the credit risk associated with an exposure or pool of</li> </ol> |

|---------|-------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|         |       | <p>exposures is tranching, having the following characteristics:</p> <ul style="list-style-type: none"> <li>- payments made in the transaction or scheme are dependent upon the performance of the exposure or pool of exposures;</li> <li>- the subordination of tranches determines the distribution of losses during the life of the risk transfer.</li> </ul> <p>Any commitment (including derivatives and liquidity lines) granted to a securitisation operation must be treated as a securitisation exposure. Most of these commitments are held in the prudential banking portfolio. BNPP's risk-weighted assets subject to this type of risk amounted to EUR 11 billion at 31 December 2019.</p> <p>(3) <i>Counterparty credit risk</i> - Counterparty credit risk is the translation of the credit risk embedded in financial transactions, investments and/or settlement transactions between counterparties. Those transactions include bilateral contracts such as over-the-counter ("<b>OTC</b>") derivatives contracts as well as contracts settled through clearing houses. The amount of this risk may vary over time in line with changing market parameters which then impacts the replacement value of the relevant transactions.</p> <p>Counterparty risk lies in the event that a counterparty defaults on its obligations to pay BNPP the full present value of the flows relating to a transaction or a portfolio for which BNPP is a net receiver. Counterparty credit risk is also linked to the replacement cost of a derivative or portfolio in the event of counterparty default. Hence, it can be seen as a market risk in case of default or a contingent risk. BNPP's risk-weighted assets subject to this type of risk amounted to EUR 30 billion at 31 December 2019.</p> <p>(4) <i>Market Risk</i> - Market risk is the risk of incurring a loss of value due to adverse trends in market prices or parameters, whether directly observable or not.</p> <p>Observable market parameters include, but are not limited to, exchange rates, prices of securities and commodities (whether listed or obtained by reference to a similar asset), prices of derivatives, and other parameters that can be directly inferred from them, such as interest rates, credit spreads, volatilities and implied correlations or other similar parameters.</p> <p>Non-observable factors are those based on working assumptions such as parameters contained in models or based on statistical or economic analyses, non-ascertainable in the market.</p> <p>In fixed income trading books, credit instruments are valued on the basis of bond yields and credit spreads, which represent market parameters in the same way as interest rates or foreign exchange rates. The credit risk arising on the issuer of the debt instrument is therefore a component of market risk known as issuer risk.</p> <p>Liquidity is an important component of market risk. In times of limited or no liquidity, instruments or goods may not be tradable or may not be tradable at their estimated value. This may arise, for example, due to low transaction volumes, legal restrictions or a strong imbalance between demand and supply for certain assets.</p> <p>The market risk related to banking activities encompasses the interest rate and foreign exchange risks stemming from banking intermediation activities. BNPP's risk-weighted assets subject to this type of risk amounted to EUR 19 billion at 31 December 2019.</p> <p>(5) <i>Liquidity risk</i> - Liquidity risk is the risk that BNPP will not be able to honour its commitments or unwind or settle a position due to the market</p> |

|------------|------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|            |                                    | <p>environment or idiosyncratic factors (i.e. specific to BNP Paribas), within a given timeframe and at a reasonable cost.</p> <p>Liquidity risk reflects the risk of the BNPP Group being unable to fulfil current or future foreseen or unforeseen cash or collateral requirements, across all time horizons, from the short to the long term.</p> <p>This risk may stem from the reduction in funding sources, draw down of funding commitments, a reduction in the liquidity of certain assets, or an increase in cash or collateral margin calls. It may be related to BNPP itself (reputation risk) or to external factors (risks in some markets).</p> <p>(6) <i>Operational risk</i> - Operational risk is the risk of incurring a loss due to inadequate or failed internal processes or due to external events, whether deliberate, accidental or natural occurrences. Management of operational risk is based on an analysis of the "cause □ event □ effect" chain. BNPP's risk-weighted assets subject to this type of risk amounted to EUR 69 billion at 31 December 2019.</p> <p>(7) <i>Insurance Risks</i> - BNP Paribas Cardif is exposed to the following risks:</p> <ul style="list-style-type: none"> <li>- market risk, risk of a financial loss arising from adverse movements of financial markets. These adverse movements are notably reflected in prices (including, but not limited to, foreign exchange rates, bond prices, equity and commodity prices, derivatives prices, real estate prices) and derived from fluctuations in interest rates, credit spreads, volatility and correlation;</li> <li>- credit risk, risk of loss resulting from fluctuations in the credit standing of issuers of securities, counterparties and any debtors to which insurance and reinsurance undertakings are exposed. Among the debtors, risks related to financial instruments (including the banks in which BNP Paribas Cardif holds deposits) and risks related to receivables generated by the underwriting activities (including, but not limited to, premium collection, reinsurance recovering) are distinguished into two categories: "Asset Credit Risk" and "Liabilities Credit Risk";</li> <li>- underwriting risk is the risk of a financial loss caused by a sudden, unexpected increase in insurance claims. Depending on the type of insurance business (life, non-life), this risk may be statistical, macroeconomic or behavioural, or may be related to public health issues or disasters; and</li> <li>- operational risk is the risk of loss resulting from the inadequacy or failure of internal processes, IT failures or deliberate external events, whether accidental or natural. The external events mentioned in this definition include those of human or natural origin.</li> </ul> |
| <b>D.3</b> | Key risks regarding the Securities | <p>In addition to the risks (including the risk of default) that may affect the Issuer's ability to fulfil its obligations under the Securities [or the Guarantor's ability to perform its obligations under the Guarantee], there are certain factors which are material for the purposes of assessing the risks associated with Securities issued under the Base Prospectus, including:</p> <p><i>Market Risks</i></p> <ul style="list-style-type: none"> <li>-the Securities are unsecured obligations;</li> <li>-Securities including leverage involve a higher level of risk and whenever there are losses on such Securities those losses may be higher than those of a similar security which is not leveraged;</li> <li>-the trading price of the Securities is affected by a number of factors including, but not limited to, (in respect of Securities linked to an Underlying Reference) the price of the</li> </ul>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |

## RÉSUMÉ DU PROGRAMME SPÉCIFIQUE A L'ÉMISSION EN RELATION AVEC LE PROSPECTUS DE BASE

Les résumés sont établis sur la base des éléments d'informations (ci-après les "**Eléments**") présentés dans les sections A à E (A.1 à E.7) ci-dessous. Le présent résumé contient tous les Eléments requis pour ce type de Titres, d'Emetteur et de Garant. Dans la mesure où certains Eléments ne sont pas requis, des écarts dans la numérotation des Eléments présentés peuvent être constatés. Par ailleurs, pour certains des Eléments requis pour ce type de Titres, d'Emetteur et de Garant, il est possible qu'aucune information pertinente ne puisse être fournie au titre de cet Élément. Dans ce cas, une brève description de l'Elément concerné est présentée dans le Résumé et est accompagnée de la mention « Sans objet ».

### Section A - Introduction et avertissements

| Elément | Description de l'Elément                                                                                                          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

| B.19/ B.4b | Information sur les tendances | <p><b>Conditions Macroéconomiques</b></p> <p>L'environnement macroéconomique et de marché affecte les résultats de BNPP. Compte tenu de la nature de son activité, BNPP est particulièrement sensible aux conditions macroéconomiques et de marché en Europe.</p> <p>En 2018, la croissance mondiale s'est maintenue à un niveau confortable, de l'ordre de 3,7% (selon le FMI), reflétant une stabilisation du rythme de progression au sein des économies avancées (+2,4% après +2,3% en 2017) comme des économies émergentes (+4,6% après +4,7% en 2017). L'économie se situant en haut de cycle dans les grands pays développés, les banques centrales ont poursuivi le durcissement de leur politique monétaire ou prévoient la diminution de l'assouplissement de celle-ci. Le niveau toujours modéré de l'inflation permet cependant aux banques centrales d'opérer cette transition de façon progressive et ainsi de limiter les risques de retournement marqué de l'activité. Ainsi le FMI s'attend en 2019 à un maintien du rythme de croissance mondiale observé au cours des deux dernières années (+3,5%) en dépit d'un léger ralentissement attendu dans les économies avancées.</p> <p>Dans ce contexte, on peut souligner les deux catégories de risques suivantes :</p> <p><i>Risques d'instabilité financière liés à la conduite des politiques monétaires</i></p> <p>Deux risques sont à souligner, celui d'une hausse brutale des taux et celui du maintien trop prolongé des politiques actuelles très accommodantes.</p> <p>D'une part, la poursuite du durcissement de la politique monétaire aux États-Unis (entamé depuis 2015) et la réduction du caractère accommodant de la politique monétaire en zone euro (réduction des achats nets de titres depuis janvier 2018 avec un arrêt en décembre 2018) impliquent des risques de turbulences financières et de ralentissement économique plus marqué que prévu. Le risque d'une hausse mal contrôlée des taux d'intérêt à long terme peut en particulier être souligné, dans l'hypothèse d'une surprise à la hausse en matière d'inflation ou d'un durcissement mal anticipé des politiques monétaires. La matérialisation de ce risque pourrait avoir des conséquences négatives sur les marchés d'actifs, en particulier ceux pour lesquels les primes de risque sont extrêmement faibles par rapport à leur moyenne historique suite à une décennie de politiques monétaires accommodantes (crédit aux entreprises et pays non Investment Grade, certains secteurs des marchés actions et des marchés obligataires, etc.) ainsi que sur certains secteurs sensibles au niveau des taux d'intérêt.</p> <p>D'autre part, en dépit des remontées constatées depuis la mi-2016, les taux restent bas, ce qui peut favoriser une prise de risque excessive chez certains acteurs du système financier : augmentation des maturités des financements et des actifs détenus, politique d'octroi de crédit moins sévère, progression des financements à effet de levier. Certains de ces acteurs (assureurs, fonds de pension, gestionnaires d'actifs, etc.) ont une dimension de plus en plus systémique et, en cas de turbulences de marché (par exemple liées à une hausse brutale des taux et/ou un réajustement marqué des prix), pourraient être amenés à dénouer de larges positions dans un contexte où la liquidité de marché se révélerait relativement fragile à dénouer de larges positions dans un contexte où la liquidité de marché se révélerait relativement fragile.</p> <p><i>Risques systémiques liés à la hausse de l'endettement</i></p> <p>Sur le plan macroéconomique, l'impact d'une hausse des taux d'intérêt pourrait être sensible pour les pays affichant des niveaux de dette publique et/ou privée élevés par rapport au PIB. C'est notamment le cas de certains pays européens (notamment la Grèce, l'Italie, ou le Portugal), qui affichent des ratios de dette publique sur PIB parfois supérieurs à 100 %, mais aussi de pays émergents.</p> <p>Ceux-ci ont enregistré entre 2008 et 2018 une hausse marquée de leur dette, y compris de la dette en devises et due à des crédetes étrangers. La hausse de cet</p> |

|---------|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|         |                          | <p>endettement est surtout le fait du secteur privé, mais également du secteur public dans une moindre mesure, notamment en Afrique. Ces pays sont ainsi particulièrement exposés à la perspective d'un resserrement des politiques monétaires dans les pays avancés. Des sorties de capitaux pourraient peser sur les taux de change, augmenter le service de cette dette, importer de l'inflation, et conduire les banques centrales des pays émergents à resserrer leurs conditions de crédit. S'en suivrait une dégradation des perspectives de croissance de leur activité économique, de possibles dégradations de notations souveraines, et une augmentation des risques pour les banques. Bien que l'exposition du Groupe BNP Paribas dans les pays émergents soit limitée, la vulnérabilité de ces économies peut conduire à des perturbations du système financier mondial qui toucheraient le Groupe et pourraient affecter ses résultats.</p> <p>Il est à noter que le risque lié à l'endettement pourrait se matérialiser non seulement en cas de hausse brutale des taux d'intérêt, mais aussi en cas d'autres chocs négatifs sur la croissance.</p> <p><b>Législation et réglementations applicables aux institutions financières</b></p> <p>Les évolutions récentes et à venir des législations et réglementations applicables aux institutions financières peuvent avoir un impact significatif sur BNPP. Les mesures adoptées récemment ou qui sont (ou dont les mesures d'application sont) encore en projet, qui ont, ou sont susceptibles d'avoir un impact sur BNPP, comprennent notamment :</p> <ul style="list-style-type: none"> <li>– les réglementations sur les fonds propres : la directive européenne sur les exigences prudentielles IV ("<b>CRD 4</b>") et le règlement européen sur les exigences prudentielles ("<b>CRR</b>"), le standard international commun de capacité d'absorption des pertes ("<i>total-loss absorbing capacity</i>" ou "<b>TLAC</b>"), et la désignation de BNPP en tant qu'institution financière d'importance systémique par le Conseil de Stabilité Financière ;</li> <li>– les réformes dites structurelles comprenant la loi bancaire française du 26 juillet 2013, imposant aux banques une filialisation ou séparation des opérations dites "spéculatives" qu'elles effectuent pour compte propre de leurs activités traditionnelles de banque de détail, la "règle Volcker" aux États-Unis qui restreint la possibilité des entités bancaires américaines et étrangères de conduire des opérations pour compte propre ou de sponsoriser ou d'investir dans les fonds de capital investissement ("<i>private equity</i>") et les <i>hedge funds</i>;</li> <li>– le Mécanisme européen de Surveillance Unique ainsi que l'ordonnance du 6 novembre 2014 ;</li> <li>– la Directive du 16 avril 2014 relative aux systèmes de garantie des dépôts et ses actes délégués et actes d'exécution, la Directive du 15 mai 2014 établissant un cadre pour le Redressement et la Résolution des Banques, le Mécanisme de Résolution Unique instituant le Conseil de Résolution Unique et le Fonds de Résolution Unique ;</li> <li>– le Règlement final de la Réserve Fédérale des États-Unis imposant des règles prudentielles accrues pour les opérations américaines des banques étrangères de taille importante, notamment l'obligation de créer une société holding intermédiaire distincte située aux États-Unis (capitalisée et soumise à régulation) afin de détenir les filiales américaines de ces banques ;</li> <li>– les nouvelles règles pour la régulation des activités de dérivés négociés de gré à gré au titre du Titre VII du <i>Dodd-Frank Wall Street Reform and Consumer Protection Act</i>, notamment les exigences de marge pour les produits dérivés non compensés et pour les produits dérivés sur titres conclus par les banques actives sur les marchés de dérivés ("<i>swap dealers</i>"), les principaux intervenants non bancaires sur les marchés de dérivés ("<i>major swap participants</i>"), les banques actives sur les marchés de dérivés sur titres</li> </ul> |

| Elément | Description de l'Elément |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
|---------|--------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|         |                          | <p>("security-based swap dealers") et les principaux intervenants non-bancaires sur les marchés de dérivés sur titres ("major security-based swap participants"), ainsi que les règles de la <i>U.S. Securities and Exchange Commission</i> imposant l'enregistrement des banques actives sur les marchés de dérivés sur titres et des principaux intervenants non-bancaires sur les marchés de dérivés sur titres et les obligations de transparence et de reporting des transactions de dérivés sur titres ;</p> <ul style="list-style-type: none"> <li>– la nouvelle directive européenne sur les marchés d'instruments financiers ("MiFID II") et le règlement européen sur les marchés d'instruments financiers ("MiFIR"), ainsi que les réglementations européennes sur la compensation de certains produits dérivés négociés de gré-à-gré par des contreparties centrales et la déclaration des opérations de financement sur titres auprès de référentiels centraux.</li> <li>– le Règlement général sur la protection des données ("RGPD") entré en vigueur le 25 mai 2018. Ce Règlement vise à faire évoluer l'environnement européen de confidentialité des données et améliorer la protection des données pour les particuliers au sein de l'Union européenne. Les entreprises risquent des amendes sévères en cas de non-conformité avec les normes fixées par la RGPD. Ce Règlement s'applique à l'ensemble des banques fournissant des services aux citoyens européens ; et</li> <li>– la finalisation de Bâle 3 publiée par le comité de Bâle en décembre 2017 qui introduit une révision de la mesure du risque de crédit, du risque opérationnel et du risque sur CVA pour le calcul des actifs pondérés. Ces mesures devraient entrer en vigueur en janvier 2022 et seront soumises à un plancher global qui s'appuiera sur les approches standard, qui sera progressivement appliqué à partir de 2022 pour atteindre son niveau final en 2027.</li> </ul> <p>Par ailleurs, dans ce contexte réglementaire renforcé, le risque lié au non-respect des législations et réglementations en vigueur, en particulier celles relatives à la protection des intérêts des clients et des données personnelles, est un risque important pour l'industrie bancaire, qui s'est traduit par des pertes et amendes importantes. Au-delà de son dispositif de conformité qui couvre spécifiquement ce type de risque, le Groupe BNP Paribas place l'intérêt des clients, et d'une manière plus générale des parties prenantes, au centre de ses valeurs. Ainsi, le code de conduite adopté par le Groupe BNP Paribas en 2016 établit des valeurs et des règles de conduite détaillées dans ce domaine.</p> <p><b>Cybersécurité et risque technologique</b></p> <p>La capacité de BNPP à exercer ses activités est intrinsèquement liée à la fluidité des opérations électroniques, ainsi qu'à la protection et à la sécurité de l'information et des actifs technologiques.</p> <p>Le rythme des changements technologiques s'accélère avec la transformation numérique avec comme conséquences l'accroissement du nombre des circuits de communication, la multiplication des sources de données, l'automatisation croissante des processus et le recours accru aux transactions bancaires électroniques.</p> <p>Les progrès et l'accélération des changements technologiques donnent aux cybercriminels de nouvelles possibilités pour altérer, voler et divulguer des données. Les attaques sont plus nombreuses, avec une portée et une sophistication plus importante dans l'ensemble des secteurs, y compris celui des services financiers.</p> <p>L'externalisation d'un nombre croissant de processus expose également le Groupe BNPP à des risques structurels de cybersécurité et de technologie conduisant à l'apparition de vecteurs d'attaque potentiels que les cybercriminels peuvent exploiter.</p> <p>En conséquence, le Groupe BNPP dispose au sein de la fonction RISK d'une seconde ligne de défense au sein de la fonction risque avec la création de l'Equipe Risk ORC ICT dédiée à la gestion des risques technologiques et de la cybersécurité. Les normes</p> |

| D.2     | Principaux risques propres à l'Emetteur et au Garant | <p>Les acquéreurs prospectifs de Tires émis en vertu de ce Prospectus de Base devraient avoir l'expérience concernant les options et les transactions d'options et devraient comprendre les risques des transactions impliquant les Titres. Un investissement dans les Titres présente certains risques qui devraient être pris en considération avant qu'une décision d'investissement ne soit prise. Il existe certains risques pouvant affecter la capacité de l'Emetteur à remplir ses engagements en vertu des Titres ou la capacité du Garant à remplir ses engagements en vertu de la Garantie (dans le cas de Titres émis par BNPP B.V.), dont certains sont en dehors de son contrôle. Plus particulièrement, l'Emetteur (et le Garant dans le cas de Titres émis par BNPP B.V.), ensemble avec le Groupe BNPP, est exposé aux risques inhérents à ses activités, tels que décrits ci-dessous :</p> <p><b>Emetteur</b></p> <p>Les risques principaux décrits au-dessus relativement à BNPP constituent également les risques principaux pour BNPP B.V., soit en qualité d'entité individuelle ou en tant que société du Groupe BNPP</p> <p><b>Risque de dépendance</b></p> <p>BNPP B.V. est une société opérationnelle. Les actifs de BNPP B.V. sont constitués des obligations des entités du Groupe BNPP. La capacité de BNPP B.V. à remplir ses propres obligations dépendra de la capacité des autres entités du Groupe BNPP à remplir les leurs. En ce qui concerne les titres qu'il émet, la capacité que BNPP B.V. a de remplir ses obligations en vertu de ces titres dépend de paiements qui lui sont dus au titre de certains contrats de couverture qu'il conclut avec d'autres entités du Groupe BNPP. En conséquence, les Titulaires de titres émis par BNPP B.V. bénéficieront des stipulations de la Garantie émise par BNPP, seront exposés à la capacité des entités du Groupe BNPP à remplir leurs obligations dans le cadre de ces contrats de couverture.</p> <p><b>Risque de crédit</b></p> <p>BNPP B.V. est exposé à une concentration de risques de crédit significative étant donné que tous les contrats financiers de gré-à-gré, les options et les swaps sont conclus avec sa société-mère et d'autres entités du Groupe BNPP. Au 31 décembre 2018, ce risque de crédit s'élève à 56,2 milliards d'euros.</p> <p><b>Risque de liquidité</b></p> <p>BNPP B.V. a une exposition significative au risque de liquidité. Pour réduire cette exposition, BNPP B.V. a conclu des conventions de compensation avec sa société-mère et les autres entités du Groupe BNPP. Au 31 décembre 2018, le risque restant s'élève à 2,7 millions d'euros.</p> <p><b>Garant</b></p> <p>Il existe certains facteurs pouvant affecter la capacité de BNPP à remplir ses engagements en vertu des Titres émis dans le cadre de ce Prospectus de Base et les obligations du Garant dans le cadre de la Garantie.</p> <p>Les états financiers non audités 2019 de BNPP présentent sept principaux risques inhérents à ses activités :</p> <p>(1) <b>Risque de crédit</b> - Le risque de crédit est défini comme la conséquence liée à la probabilité qu'un emprunteur ou une contrepartie ne respecte pas ses obligations conformément aux conditions convenues. L'évaluation de cette probabilité de défaut et du taux de recouvrement du prêt ou de la créance en cas de défaut est un élément essentiel de l'évaluation de la qualité du</p> |

| Elément | Description de l'Elément |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
|---------|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|         |                          | <p>crédit. Les actifs pondérés de BNPP spécifiques à ce risque s'élèvent à 524 milliards d'euros au 31 décembre 2019.</p> <p>(2) <i>Risque de titrisation</i> - La titrisation est une opération ou un montage par lequel le risque de crédit associé à une exposition ou à un ensemble d'expositions est subdivisé en tranches, ayant les caractéristiques suivantes :</p> <ul style="list-style-type: none"> <li>- les paiements effectués dans le cadre de la transaction ou du dispositif dépendent de la performance de l'exposition ou de l'ensemble des expositions;</li> <li>- la subordination des tranches détermine la répartition des pertes pendant la durée du transfert de risque.</li> </ul> <p>Tout engagement pris dans le cadre d'une structure de titrisation (y compris les dérivés et les lignes de liquidité) est considéré comme une exposition de titrisation. L'essentiel de ces engagements est en portefeuille bancaire prudentiel. Les actifs pondérés de BNPP spécifiques à ce risque s'élèvent à 11 milliards d'euros au 31 décembre 2019.</p> <p>(3) <i>Risque de contrepartie</i> - Le risque de contrepartie est la manifestation du risque de crédit à l'occasion d'opérations de marché, d'investissements, et/ou de règlements. Ces opérations comprennent les contrats bilatéraux, c'est-à-dire de gré à gré (over the counter <input type="checkbox"/> OTC) ainsi que les contrats compensés auprès d'une chambre de compensation. Le montant de ce risque varie au cours du temps avec l'évolution des paramètres de marché affectant la valeur potentielle future des transactions concernées.</p> <p>Il correspond au risque que la contrepartie ne puisse pas honorer ses obligations de verser à BNPP l'intégralité de la valeur actualisée des flux d'une transaction dans le cas où BNP est un bénéficiaire net. Le risque de contrepartie est également lié au coût de remplacement d'un instrument dérivé en cas de défaut de la contrepartie. Il peut être considéré comme un risque de marché en cas de défaut ou comme un risque contingent. Les actifs pondérés de BNPP spécifiques à ce risque s'élèvent à 30 milliards d'euros au 31 décembre 2019.</p> <p>(4) <i>Risque de marché</i> - Le risque de marché est le risque de perte de valeur provoqué par une évolution défavorable des prix ou des paramètres de marché, que ces derniers soient directement observables ou non.</p> <p>Les paramètres de marché observables sont, sans que cette liste soit exhaustive, les taux de change, les cours des valeurs mobilières et des matières premières négociables (que le prix soit directement coté ou obtenu par référence à un actif similaire), le prix de dérivés sur un marché organisé ainsi que tous les paramètres qui peuvent être induits de cotations de marché comme les taux d'intérêt, les spreads de crédit, les volatilités ou les corrélations implicites ou d'autres paramètres similaires.</p> <p>Les paramètres non observables sont ceux fondés sur des hypothèses de travail comme les paramètres contenus dans les modèles ou basés sur des analyses statistiques ou économiques qui ne sont pas vérifiables sur le marché.</p> <p>Dans les portefeuilles de négoce obligataire, les instruments de crédit sont valorisés sur la base des taux obligataires et des spreads de crédit, lesquels sont considérés comme des paramètres de marché au même titre que les taux d'intérêt ou les taux de change. Le risque sur le crédit de l'émetteur de l'instrument est ainsi un composant du risque de marché, appelé risque émetteur.</p> |

| Elément | Description de l'Elément |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
|---------|--------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|         |                          | <p>L'absence de liquidité est un facteur important de risque de marché. En cas de restriction ou de disparition de la liquidité, un instrument ou un actif marchand peut ne pas être négociable ou ne pas l'être à sa valeur estimée, par exemple du fait d'une réduction du nombre de transactions, de contraintes juridiques ou encore d'un fort déséquilibre de l'offre et de la demande de certains actifs.</p> <p>Le risque de marché lié aux activités bancaires recouvre le risque de taux et de change relatifs aux activités d'intermédiation bancaire. Les actifs pondérés de BNPP spécifiques à ce risque s'élèvent à 19 milliards d'euros au 31 décembre 2019.</p> <p>(5) <i>Risque de Liquidité</i> - Le risque de liquidité est le risque que BNPP ne puisse pas honorer ses engagements ou dénouer ou régler une position en raison de l'environnement de marché ou de facteurs idiosyncrasiques (spécifiques à BNP Paribas), dans un délai déterminé et à un coût raisonnable.</p> <p>Le risque de liquidité traduit le risque que le Groupe ne puisse pas faire face à des flux nets sortants de trésorerie y compris liés à des besoins en collatéral, sur l'ensemble des horizons du court terme au long terme.</p> <p>Ce risque peut provenir de la diminution de sources de financement, de tirages sur des engagements de financement, de la réduction de liquidité de certains actifs, de l'augmentation des appels de marge en cash ou en collatéral. Il peut être lié à BNPP lui-même (risque de réputation) ou à des facteurs extérieurs (risques sur certains marchés).</p> <p>(6) <i>Risque Opérationnel</i> - Le risque opérationnel est le risque de perte résultant de processus internes défectueux ou inadéquats ou d'événements externes, qu'ils soient de nature délibérée, accidentelle ou naturelle. Sa gestion repose sur l'analyse de l'enchaînement cause □ événement □ effet. Les actifs pondérés de BNPP spécifiques à ce risque s'élèvent à 69 milliards d'euros au 31 décembre 2019.</p> <p>(7) <i>Risque d'assurance</i> - BNP Paribas Cardif est exposé aux risques suivants:</p> <ul style="list-style-type: none"> <li>- le risque de marché est le risque de pertes de valeur liées aux mouvements défavorables des marchés financiers. Ces mouvements défavorables se reflètent notamment par des variations de prix (taux de change, obligations, actions et matières premières, produits dérivés, immobilier, etc.) et résultent de fluctuations des taux d'intérêt, des spreads, des volatilités ou des corrélations;</li> <li>- le risque de crédit est le risque de pertes ou d'évolution défavorable de la situation financière liées à la qualité de crédit des émetteurs de titres, des contreparties ou de tout autre débiteur auquel le groupe BNP Paribas Cardif est exposé. Parmi les débiteurs, les risques associés aux instruments financiers (y compris les banques dans lesquelles le groupe BNP Paribas Cardif détient des dépôts) et les risques associés à des créances liées à l'activité d'assurance (collecte des primes, soldes de réassurance, etc.) sont distingués en deux catégories : le risque de crédit sur les actifs et le risque de crédit sur les passifs;</li> <li>- le risque de souscription est le risque de pertes de valeur liées aux fluctuations soudaines et imprévues des prestations. Selon le type d'activité (vie, non vie), il résulte d'évolutions statistiques, macroéconomiques ou comportementales ainsi que de la survenance de phénomènes liés à la santé publique ou à des catastrophes ; et</li> <li>- le risque opérationnel est le risque de pertes résultant de l'inadéquation ou la défaillance des processus internes, des défaillances informatiques ou</li> </ul> |

| Elément | Description de l'Elément              |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |

|         |                                       | <p>d'événements extérieurs, accidentels ou naturels. Ces événements extérieurs comprennent les événements d'origine humaine et ceux d'origine naturelle.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| D.3     | Principaux risques propres aux Titres | <p>En plus des risques (y compris le risque de défaut) qui pourraient affecter la capacité de l'Emetteur à remplir ses obligations au regard des Titres ou la capacité du Garant à remplir ses obligations au titre de la Garantie, il existe certains facteurs qui sont essentiels pour déterminer les risques liés aux Titres émis en vertu de ce Prospectus de Base, ce qui inclus :</p> <p><i>Risques de Marché</i></p> <p>-les Titres sont des obligations non assorties de sûretés,</p> <p>-les Titres incluant un effet de levier impliquent un niveau de risque plus élevé et, en cas de pertes sur ces Titres, ces titres peuvent être supérieurs à ceux d'un titre similaire qui n'inclut aucun effet de levier,</p> <p>-le cours de négociation des Titres est affecté par plusieurs facteurs, y compris, mais sans caractère limitatif, (concernant les Titres liés à un Sous-Jacent de Référence) le cours du ou de(s) Sous-Jacent(s) de Référence, la durée restant à courir jusqu'au remboursement et la volatilité, et ces facteurs signifient que le cours de négociation des Titres peut être inférieur au Montant de Règlement en numéraire ou à la valeur des Droits à Règlement Physique.</p> <p>-dans de nombreux cas, l'exposition au Sous-Jacent de Référence découlera du fait que l'Emetteur concerné conclut des accords de couverture et, en ce qui concerne les Titres indexés sur un Sous-Jacent de Référence, les investisseurs potentiels sont exposés à la performance de ces accords de couverture et aux événements pouvant affecter ces accords, et, par conséquent, la survenance de l'un ou l'autre de ces événements peut affecter la valeur des Titres,</p> <p><i>Risques liés aux Titulaires</i></p> <p>-les clauses relatives aux assemblées générales des Titulaires permettent à des majorités définies de lier tous les Titulaires,</p> <p>-Dans certaines circonstances, les Titulaires peuvent perdre la valeur intégrale de leur investissement.</p> <p><i>Risques liés à l'Emetteur/au Garant</i></p> <p>-Les Certificats Open End et les Certificats OET n'ont aucune échéance prédéterminée et peuvent être remboursés à toute date déterminée par l'Emetteur concerné et l'investissement dans ces Certificats Open End et ces Certificats OET entraîne des risques additionnels par rapport à d'autres Certificats, en raison du fait que la date de remboursement ne peut pas être déterminée par l'investisseur,</p> <p>-une réduction de la notation (éventuelle) accordée aux titres d'emprunt en circulation de l'Emetteur ou du Garant (s'il y a lieu) par une agence de notation de crédit pourrait entraîner une réduction de la valeur de négociation des Titres,</p> <p>-certains conflits d'intérêts peuvent surgir (voir Elément E.4 ci-dessous),</p> <p><i>Risques Juridiques</i></p> <p>-la survenance d'un cas de perturbation additionnel ou d'un cas de perturbation additionnel optionnel peut conduire à un ajustement des Titres, à un remboursement anticipé ou peut avoir pour conséquence que le montant payable à la date de remboursement prévue soit différent de celui qui devrait être payé à ladite date de remboursement prévue, de telle sorte que la survenance d'un cas de perturbation additionnel et/ou d'un cas de perturbation additionnel optionnel peut avoir un effet</p> |

| Elément | Description de l'Elément |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |

|         |                          | <p>défavorable sur la valeur ou la liquidité des Titres,</p> <p>-des frais et impôts peuvent être payables sur les Titres,</p> <p>-les Titres peuvent être remboursés en cas d'illégalité ou autre impossibilité pratique, et ce remboursement peut avoir pour conséquence qu'un investisseur ne réalise aucun retour sur son investissement dans les Titres.</p> <p>-toute décision judiciaire, tout changement de la pratique administrative ou tout changement de la loi française intervenant après la date du Prospectus de Base, pourrait avoir un impact défavorable significatif sur la valeur des Titres ainsi affectés,</p> <p><i>Risques liés au marché secondaire</i></p> <p>-le seul moyen permettant à un Titulaire de réaliser la valeur d'un Titre avant sa Date de Remboursement consiste à le vendre à son cours de marché au moment considéré sur un marché secondaire disponible, et il peut n'y avoir aucun marché secondaire pour les Titres (ce qui pourrait signifier qu'un investisseur doit attendre jusqu'à l'exercice ou jusqu'au remboursement des Titres pour réaliser une valeur supérieure à sa valeur de négociation).</p> <p>-BNP Paribas Arbitrage S.N.C. est tenue d'agir comme teneur de marché. Dans ces circonstances, BNP Paribas Arbitrage S.N.C. s'efforcera de maintenir un marché secondaire pendant toute la durée de vie des Titres, sous réserve des conditions normales de marché et soumettra au marché des cours acheteur et des cours vendeur. L'écart (spread) entre le cours acheteur et le cours vendeur peut évoluer au long de la durée de vie des Titres. Néanmoins, durant certaines périodes il peut être difficile, irréalisable ou impossible pour BNP Paribas Arbitrage S.N.C. de coter des prix "bid" et "offer" et en conséquence il peut être difficile, irréalisable ou impossible d'acheter ou vendre ces Titres durant ces périodes. Cela peut être dû, par exemple, à des conditions défavorables sur le marché, à des prix volatiles ou à des fluctuations importantes du prix, à la fermeture d'une place financière importante ou à des problèmes techniques, tels que la défaillance ou le dysfonctionnement d'un système informatique ou celui d'un réseau internet.</p> <p><i>Risques relatifs au(x) Sous-Jacent(s) de Référence</i></p> <p>-En outre, il existe des risques spécifiques liés aux Titres qui sont indexés sur un Sous-Jacent de Référence (y compris des Titres Hybrides), et un investissement dans ces Titres entraînera des risques significatifs que ne comporte pas un investissement dans un titre de créance conventionnel. Les facteurs de risque liés aux Titres indexés sur un Sous-Jacent de Référence incluent :</p> <p>-l'exposition à un ou plusieurs indices, un cas d'ajustement et de perturbation du marché ou le défaut d'ouverture d'une bourse, qui peuvent avoir un effet défavorable sur la valeur de la liquidité des Titres, et le fait que l'Emetteur ne fournira pas d'informations post-émission sur le Sous-Jacent de Référence.</p> <p><i>Risques liés à des catégories spécifiques de produits</i></p> <p>Les risques suivants sont liés aux Produits ETS</p> <p>Produits à effet de levier</p> <p>Les investisseurs peuvent être exposés à une perte partielle ou totale de leur investissement. Le rendement de ces Titres dépend de la performance du ou des Sous-Jacent(s) de Référence, plus particulièrement en fonction du niveau de remboursements automatiques anticipés. De plus, le rendement peut dépendre d'autres facteurs de marché tels que les taux d'intérêt, la volatilité implicite du Sous-Jacent de Référence, et la durée avant l'échéance. L'effet de levier de ces Titres peut être soit positif soit négatif.</p> |

| E.2b    | Raisons de l'offre et utilisation du produit de celle-ci                            | Les produits nets de l'émission des Titres seront affectés aux besoins généraux de financement de l'Emetteur. Ces produits pourront être utilisés pour maintenir des positions sur des contrats d'options ou des contrats à terme ou d'autres instruments de couverture.                                                                                                                                                                                                                                                                                                      |
| E.3     | Modalités et conditions de l'offre                                                  | <p>Cette émission de Titres est offerte dans le cadre d'une Offre Non-exemptée en France et en Belgique.</p> <p>Le prix d'émission des Titres est défini à l'Elément C.20 du tableau.</p>                                                                                                                                                                                                                                                                                                                                                                                     |
| E.4     | Intérêt de personnes physiques et morales pouvant influencer sur l'émission/l'offre | <p>Tout Agent Placeur et ses affiliés peuvent aussi avoir été impliqué, et pourrait dans le futur être impliqué, dans des transactions de banque d'investissement ou commerciale avec, ou lui fournir d'autres services à, l'Emetteur et son Garant et leurs affiliés dans le cours normal de leurs activités.</p> <p>Exception faite de ce qui est mentionné ci-dessus, aucune personne intervenant dans l'émission des Titres ne détient, à la connaissance de l'Emetteur, un intérêt pouvant influencer sensiblement sur l'offre, y compris des intérêts conflictuels.</p> |
| E.7     | Dépenses facturées à l'investisseur par l'Emetteur                                  | Il n'existe pas de dépenses facturées à l'investisseur par l'Emetteur.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |

## SAMENVATTING VAN HET PROGRAMMA PER SPECIFIEKE UITGIFTE MET BETREKKING TOT DIT BASISPROSPECTUS

*Samenvattingen bestaan uit informatieverplichtingen die "Elementen" worden genoemd. Deze Elementen zijn genummerd in Onderdeel A - E (A.1 - E.7). Deze Samenvatting bevat alle vereiste Elementen die in een samenvatting voor dit soort Effecten, Emittent en Garant moeten worden opgenomen. Omdat op sommige Elementen niet hoeft te worden ingegaan, kunnen er gaten ontstaan in de volgorde van de nummering van de Elementen. Hoewel een Element mogelijk op grond van het soort Effecten[,]Emittent[en Garant] in de samenvatting dient te worden opgenomen, kan het zijn dat er geen relevante informatie over het Element kan worden gegeven. Er dient in dat geval een korte beschrijving van het Element in de samenvatting te worden opgenomen, waarin wordt toegelicht waarom het Element niet van toepassing is.*

### Onderdeel A - Inleiding en waarschuwingen

| Element | Titel                                                                                                      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |

BNPP B.V. is een 100%-dochtermaatschappij van BNPP en houdt zich specifiek bezig met de uitgifte van effecten, zoals Warrants of Certificaten of andere verplichtingen, die door andere ondernemingen binnen de BNPP-groep (waaronder BNPP) worden ontwikkeld en opgezet en aan beleggers worden verkocht. De effecten worden afgedekt doordat van BNP Paribas en BNP Paribas-entiteiten hedginginstrumenten en/of onderpand worden verworven, zoals hierna in Element D.2 wordt beschreven. Als gevolg hiervan is de informatie over ontwikkelingen die op BNPP betrekking heeft tevens van toepassing op BNPP B.V. |  |                          |                          |           |         |         |                                |        |        |              |                |                |                                |         |         |  |                                            |                                            |           |         |         |                                |        |        |  |                                            |                          |

| B.19/ B.4b | <p>           Informatie over ontwikkelingen         </p>         | <p> <b>Macroeconomische omgeving</b> </p> <p>           De bedrijfsresultaten van BNPP worden beïnvloed door de macro-economische en marktomgeving. De aard van de zaken van BNPP zorgt dat het vooral gevoelig voor macroeconomische en marktomstandigheden in Europa         </p> <p>           In 2018 bleef de wereldwijde groei gezond rond 3,7% (volgens de IMF), wat een gestabiliseerd groeipercentage weergeeft in geavanceerde economieën (+2,4% na +2,3% in 2017) en in opkomende economieën (+4,6% na +4,7% in 2017). Aangezien de economie in ontwikkelde landen aan de piek zat van zijn cyclus, bleven de centrale banken het flexibele monetair beleid aantrekken of hebben zij plannen om het geleidelijk af te bouwen. Centrale banken waren echter, vanwege de gematigde inflatie, in staat deze transitie geleidelijk in te voeren waarbij de risico's van een opvallende daling van economische activiteit werden beperkt. Dus verwacht de IMF dat de wereldwijde groei zoals die er de afgelopen twee jaar was, zich in 2019 (+3,5%) zal voortzetten ondanks de geringe vertraging die in geavanceerde economieën wordt verwacht.         </p> <p>           In deze context kunnen de volgende twee risicocategorieën aangewezen worden:         </p> <p> <i>Risico van financiële instabiliteit door het gevoerde monetair beleid</i> </p> <p>           Twee risico's moeten worden benadrukt: een scherpe toename van de rente en het te lang vasthouden aan het huidige, zeer coulante monetaire beleid.         </p> <p>           Aan de ene kant leiden het steeds verder aanscherpen van het monetaire beleid in de Verenigde Staten (wat in 2015 is ingezet) en het minder coulante monetaire beleid in de eurozone (vermindering van de aanschaf van tegoed vanaf januari 2018, eindigend in december 2018) tot risico's van financiële turbulentie en duidelijkere economische vertraging dan verwacht. Het risico van een onvoldoende gecontroleerde stijging van de langetermijnrente kan vooral worden benadrukt bij het scenario van een onverwachte toename van de inflatie of een onverwachte aanscherping van monetair beleid. Als dit risico zich voordoet, kan het negatieve gevolgen hebben op de vermogensmarkten, vooral die markten waarvoor de risicopremies extreem laag zijn in vergelijking met hun historisch gemiddelde na een decennium van coulant monetair beleid (krediet aan bedrijven of landen zonder beleggingskwaliteit, bepaalde sectoren van de aandelen- en obligatiemarkten enz.) alsmede op rentegevoelige sectoren.         </p> <p>           Aan de andere kant blijft, ondanks de opleving vanaf half 2016, de rente laag wat sommige deelnemers op de financiële markt aan kan zetten tot het nemen van overmatig risico: verlengde looptijden van financieringen of activa in bezit, minder streng kredietbeleid en een toename in financieringen met vreemd vermogen. Sommige van deze deelnemers (verzekeringsmaatschappijen, pensioenfondsen, activabeheerders enz.) brengen een toenemende systemische dimensie met zich mee en in het geval van marktturbulentie (gekoppeld bijvoorbeeld aan een scherpe toename in rentepercentages en/of een scherpe prijscorrectie) kunnen zij beslissen grote posities te ontbinden in een relatief zwakke marktliquideit.         </p> <p> <i>Systemische risico's met betrekking tot toegenomen schuld</i> </p> <p>           Macro-economisch gezien kan de impact van een rentestijging enorm zijn voor landen met hoge publieke en/of particuliere schuld t.o.v. bbp. Dit is vooral het geval voor bepaalde Europese landen (vooral Griekenland, Italië en Portugal), die vaak publieke schuld t.o.v. bbp ratios van boven de 100% laten zien, maar ook voor opkomende landen.         </p> <p>           Tussen 2008 en 2018 vertoonden die laatsten een duidelijke toename in hun schulden, inclusief valutaschuld bij buitenlandse schuldeisers. De particuliere sector was de grootste bron voor de toename van deze schuld, maar ook in mindere mate de publieke sector, vooral in Afrika. Deze landen zijn vooral kwetsbaar in het vooruitzicht van het aanscherpen van monetair beleid in de ontwikkelde economieën.         </p> |

|---------|-------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|         |       | <p>Kapitaaluitstroom kan druk uitoefenen op wisselkoersen, de kosten van het aflossen van die schuld laten toenemen, inflatie importeren en ervoor zorgen dat de centrale banken van opkomende landen hun kredietvoorwaarden aanscherpen. Dit kan leiden tot een verlaging in de verwachte economische groei, mogelijke afwaarderingen van ratingen van de staat en een toename van de risico's voor de banken. Hoewel de blootstelling van de BNP Paribas Group naar opkomende landen beperkt is, kan de kwetsbaarheid van deze economieën leiden tot verstoringen in het wereldwijde financiële systeem die van invloed kunnen zijn op de Group en mogelijk hun resultaten wijzigen.</p> <p>Opgemerkt dient te worden dat een aan schuld gerelateerd risico zich kan voordoen, niet alleen in het geval van een scherpe toename van de rente, maar ook bij negatieve groeischokken.</p> <p><b>Wetgeving en regelgeving van toepassing op financiële instellingen</b></p> <p>Recente en toekomstige veranderingen in de wetgeving en richtlijnen die van toepassing zijn op financiële instellingen hebben veel invloed op BNPP. Maatregelen die recent zijn aangenomen of die (of de toepassingsmaatregelen ervan) nog een ruwe versie zijn, die invloed hebben of mogelijk hebben op BNPP kunnen zijn:</p> <ul style="list-style-type: none"> <li>– richtlijnen betreffende kapitaal: Richtlijn Kapitaalvereisten IV ("<b>CRD 4</b>")/ de Verordening Kapitaalvereisten ("<b>CRR</b>"), de internationale norm voor het vermogen om verlies te absorberen ("<b>TLAC</b>") en aanmerking van BNPP als financiële instelling dat van systemisch belang is door de Raad voor financiële stabiliteit;</li> <li>– de structurele hervormingen die bestaan uit de Franse bankierswet van 26 juli 2013 die eist dat banken filialen opzetten of "speculatieve" bedrijfseigen activiteiten scheiden van hun traditionele bankactiviteiten, de "Volcker regel" in de VS die bedrijfseigen transacties, sponsorschap en beleggingen in private equity fondsen en hedgefondsen door Amerikaanse en buitenlandse banken verbiedt;</li> <li>– het Europees Enkel Toezichthoudend Mechanisme en de verordening van 6 november 2014;</li> <li>– de Richtlijn van 16 april 2014 met betrekking tot depositogarantiesystemen en de delegatie- en invoeringsbesluiten, de Richtlijn van 15 mei 2014 met daarin een Bankherstel- en Resolutieraamwerk, het Enkele Resolutie Mechanisme voor het instellen van het Enkele Resolutiebestuur en het Enkele Resolutiefonds;</li> <li>– de Final Rule van de Amerikaanse Federal Reserve die strengere regels oplegt op de Amerikaanse transacties van grote buitenlandse banken, voornamelijk de verplichting tot het opzetten van een afzonderlijke, intermediaire holding in de VS (gekapitaliseerd en onderhevig aan regelgeving) voor hun Amerikaanse dochtermaatschappijen;</li> <li>– de nieuwe regels voor de regulering van over-de-toonbank derivatieve activiteiten overeenkomstig Hoofdstuk VII van de Dodd-Frank Wall Street Reform and Consumer Protection Act, voornamelijk margevereisten niet-vrijgemaakte derivaatproducten en de derivaten van aandelen die verhandeld worden door swapdealers en belangrijke op aandelen gebaseerde swapdeelnemers en de regels van het Amerikaanse Securities and Exchange Commission waarvoor de registratie van banken en grote swapdeelnemers verplicht is die actief zijn op derivatenmarkten alsmede de transparantie en rapportage van derivatentransacties;</li> <li>– de nieuwe Richtlijn betreffende markten voor financiële instrumenten ("<b>MiFID II</b>") en Vordering betreffende markten voor financiële instrumenten ("<b>MiFIR</b>") en Europese regels met betrekking tot het vrijmaken van sommige over-de-toonbank derivatenproducten door gecentraliseerde tegenpartijen en het onthullen van aandelen gefinancierde transacties aan gecentraliseerde</li> </ul> |

|-------------------|-----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                   |                             | <p>organen.</p> <ul style="list-style-type: none"> <li>– de Algemene Verordening Gegevensbescherming ("<b>AVG</b>") trad op 25 mei 2018 in werking. Deze verordening heeft als doel dat de Europese gegevensvertrouwelijkheid wordt aangescherpt en de bescherming van persoonsgegevens binnen de Europese Unie wordt verbeterd. Bedrijven lopen het risico op hoge boetes als zij zich niet aan de normen zoals gesteld door de AVG houden. Deze Verordening is van toepassing op alle banken die diensten aan Europese burgers verlenen en;</li> <li>– de voltooiing van Bazel 3 gepubliceerd door het Bazel-commissie in december 2017, leidt tot een herziening van de maatregel van kredietrisico, operationeel risico en aanpassing van kredietwaardering ("<b>CVA</b>") risico voor de berekening van risicogewogen activa. De verwachting is dat deze maatregelen in januari 2022 in werking zullen treden en onderhevig zijn aan een outputvloer (gebaseerd op gestandaardiseerde benaderingen) die vanaf 2022 geleidelijk ingevoerd zullen worden en het eindniveau in 2027 zullen bereiken.</li> </ul> <p>Daarbij komt dat in deze strengere regelgevende context het risico van het niet nakomen van bestaande wetten en richtlijnen, vooral met betrekking tot de bescherming van de belangen van klanten en persoonsgegevens, een groot risico vormt voor de bankensector, mogelijk leidend tot grote verliezen en boetes. Naast dit nalevingssysteem, dat specifiek dit soort risico dekt, plaats de BNP Paribas Group het belang van zijn klanten, en breder gezien dat van zijn belanghebbenden, in de kern van zijn waarden. Dus de nieuwe Gedragscode die in 2016 door de BNP Paribas Group is ingesteld bevat gedetailleerde waarden en gedragsregels op dit gebied.</p> <p><b>Cyberveiligheid en technologierisico</b></p> <p>Het vermogen van de BNPP om zaken te doen is intrinsiek verbonden aan de doorstroming van elektronische transacties alsmede de bescherming en beveiliging van informatie en technologieactiva.</p> <p>De technologische verandering wordt versneld door de digitale transformatie en de daaruit voortvloeiende toename van het aantal communicatiecircuits, verspreiding van gegevensbronnen, groeiende automatisering van processen en meer gebruik van elektronische bankoverschrijvingen.</p> <p>De voortgang en versnelling van technologische verandering bieden cybercriminelen nieuwe mogelijkheden voor het veranderen, stelen en bekend maken van gegevens. Het aantal aanvallen neemt toe, met een groter bereik en raffinement in alle sectoren, inclusief financiële diensten.</p> <p>Het uitbesteden van een groeiend aantal processen stelde de Groep ook bloot aan structurele cyberbeveiligings- en technologierisico's die tot het verschijnen van potentiële aanvalsvectors leiden die cybercriminelen kunnen uitbuiten.</p> <p>Dienovereenkomstig heeft de BNP Paribas Groep een tweede verdedigingslinie binnen de Risicofunctie bedoeld voor het managen van technologische en cyberveiligheidsrisico's. Dus worden operationele normen worden regelmatig aangepast ter ondersteuning van de digitale evolutie en innovatie van BNPP, en onderwijl de bestaande en opkomende bedreigingen managend (zoals cyber-crime, spionage enz.).</p> |
| <b>B.19/B.5</b>   | Beschrijving van de Groep   | BNPP is een toonaangevende Europese bancaire en financiële dienstverlener met vier thuismarkten voor particuliere bankdiensten, namelijk in Frankrijk, België, Italië en Luxemburg. Het is aanwezig in 71 landen en heeft bijna 199.000 werknemers, met inbegrip van meer dan 151.000 in Europa. BNPP is de moedermaatschappij van de BNP Paribas-groep (gezamenlijk de " <b>BNPP-groep</b> ").                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |

## Onderdeel D - Risico's

| Element | Titel                                                              |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
|---------|--------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| D.2     | Belangrijkste risico's met betrekking tot de Emittent en de Garant | <p>Mogelijke kopers van Schuldeffecten uitgegeven onder dit Basisprospectus moeten ervaren worden met betrekking tot opties en optietransacties en moeten de risico's van transacties begrijpen die komen kijken bij Schuldeffecten. Het beleggen in Schuldeffecten leidt tot bepaalde risico's waarmee rekening gehouden moet worden voordat er een beleggingsbeslissing wordt genomen. Bepaalde risico's kunnen van invloed zijn op het vermogen van de Emittent om aan zijn verplichtingen onder de Schuldeffecten te voldoen of het vermogen van de Garantieverstrekker om aan zijn verplichtingen onder de Garantie (in het geval van Schuldeffecten uitgegeven door BNPP B.V.) te voldoen, waarvan sommige buiten zijn controle liggen. In het bijzonder wordt de Emittent (en de Garantieverstrekker), in het geval van Schuldeffecten uitgegeven door BNPP B.V.), samen met de BNPP Groep, blootgesteld aan de risico's die verband houden met zijn activiteiten, zoals hieronder wordt beschreven:</p> <p><b>Emittenten</b></p> <p>De belangrijkste hierboven beschreven risico's met betrekking tot BNPP vertegenwoordigen ook de belangrijkste risico's voor BNPP B.V., ofwel als individuele entiteit ofwel als een vennootschap binnen de BNPP Groep.</p> <p><b>Afhankelijkheidsrisico</b></p> <p>BNPP B.V. is een werkmaatschappij. De activa van BNPP B.V. bestaan uit de verplichtingen van andere entiteiten van de BNPP Groep. Het vermogen van BNPP B.V. om aan haar verplichtingen te voldoen is afhankelijk van het vermogen van de andere entiteiten van de BNPP Groep om aan hun verplichtingen te voldoen. Wat betreft de door haar uitgegeven effecten is de mate waarin BNPP B.V. aan haar verplichtingen ingevolge de effecten kan voldoen, is afhankelijk van de door haar ontvangen bedragen ingevolge bepaalde hedgingovereenkomsten die het aangaat met andere entiteiten van de BNPP Groep. Houders van effecten van BNPP B.V. lopen (behoudens het bepaalde in de door BNPP verstrekte Garantie) derhalve een risico al naargelang de mate waarin entiteiten van de BNPP Groep aan hun verplichtingen ingevolge die hedgingovereenkomsten kunnen voldoen.</p> <p><b>Kredietrisico</b></p> <p>BNPP B.V. heeft een aanzienlijke concentratie van kredietrisico's aangezien alle OTC contracten, optie- en swapovereenkomsten worden verworven van haar moedermaatschappij en overige entiteiten van de BNPP Groep, en deze kredietrisico's per 31 december 2018 EUR 56.2 miljard bedragen.</p> <p><b>Liquiditeitsrisico</b></p> <p>BNPP B.V. is aanzienlijk blootgesteld aan liquiditeitsrisico. Om deze blootstelling te verminderen is BNPP B.V. verrekeningsovereenkomsten aangegaan met haar moedermaatschappij en de overige entiteiten van de BNPP Groep. Het resterende risico bedroeg op 31 december 2018 EUR 2,7 miljoen.</p> <p><b>Garant</b></p> <p>Er zijn bepaalde factoren die van invloed kunnen zijn op de mogelijkheden van BNPP om te kunnen voldoen aan haar verplichtingen ingevolge de Effecten die zijn uitgegeven ingevolge dit Basisprospectus en de verplichtingen van de Garant onder de Garantie.</p> <p>De niet-geauditeerde jaarrekening van BNPP voor 2019 beschrijft zeven hoofdcategorieën van risico's die inherent zijn aan haar activiteiten:</p> <p>(1) <b>Kredietrisico</b> - Kredietrisico is het gevolg voortvloeiend uit de waarschijnlijkheid dat een lener of tegenpartij niet aan deze verplichtingen kan voldoen in overeenstemming met de overeengekomen voorwaarden.</p> |

| Element | Titel |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
|---------|-------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|         |       | <p>De waarschijnlijkheid van default en het verwachte herstel van de lening of debiteur in het geval van default zijn belangrijke bestanddelen van de kredietkwaliteitsbeoordeling. De risicogewogen activa van BNPP onderhevig aan dit soort risico bedroegen EUR 524 miljard op 31 december 2019.</p> <p>(2) <i>Effectisering in de Bankportefeuille</i> - Effectisering betekent een transactie of plan waarbij het kredietrisico dat verband houdt met blootstelling of pool van blootstellingen is verdeeld, hebben de volgende kenmerken:</p> <ul style="list-style-type: none"> <li>- betalingen gedaan in de transactie of het plan hangen af van de prestaties van de blootstelling of pool van blootstellingen;</li> <li>- de subordiatie van schijven bepaalt de verspreiding van verliezen gedurende de levensduur van de risico-overdracht.</li> </ul> <p>Alle toezeggingen (met inbegrip van derivaten en liquiditeitslijnen) gedaan voor een effectisering moeten behandeld worden als effectiseringsblootstelling. De meeste van die toezeggingen worden genoteerd in de prudentiële portefeuille; De risicogewogen activa van BNPP onderhevig aan dit soort risico bedroegen EUR 11 miljard op 31 december 2019.</p> <p>(3) <i>Tegenpartij kredietrisico</i> - Tegenpartij kredietrisico is de vertaling van het kredietrisico dat opgesloten ligt in financiële transacties, investeringen en/of betalingstransacties tussen tegenpartijen. Die transacties omvatten bilaterale overeenkomsten zoals over-de toonbank ("<b>OTC</b>") derivatenovereenkomsten alsmede overeenkomsten aangegaan via clearinginstuten. Het bedrag van dit risico kan verschillen in de loop van de tijd in lijn met veranderende marktparameters die dan van invloed is op de vervangingswaarde van de betrokken transacties.</p> <p>Tegenpartijrisico ligt in het geval dat een tegenpartij zijn verplichtingen niet na kan komen om de BNPP de volledige aanwezige waarde van de stromen te betalen met betrekking tot een transactie of een portefeuille waarvoor de BNPP een netto-ontvanger is. Tegenpartijkredietrisico is ook gekoppeld aan de vervangingskosten van een derivaat of portefeuille in het geval de tegenpartij zijn betalingsverplichting niet na kan komen. Dus kan het als marktrisico gezien worden in geval van het niet nakomen van de betalingsverplichting of een onvoorzien risico. De risicogewogen activa van BNPP onderhevig aan dit soort risico bedroegen EUR 30 miljard op 31 december 2019.</p> <p>(4) <i>Marktrisico</i> - Marktrisico's het risico op verlies van waarde door nadelige trends in marktprijzen of -parameter, ofwel direct observeerbaar of niet.</p> <p>Observeerbare marktparameters omvatten, maar zijn niet beperkt tot, wisselkoersen, prijzen van schuldeffecten en grondstoffen (ofwel genoteerd of verkregen door referentie naar een vergelijkbare activum), prijzen van derivaten en andere parameters die rechtstreeks hieruit getrokken kunnen worden, zoals interestvoeten, kredietspreidingen, volatiliteiten en geïmpliceerde correlaties en andere vergelijkbare parameters.</p> <p>Niet-observeerbare factoren zijn de factoren die gebaseerd op werkende aannames, zoals parameters in modellen of gebaseerd op statistische of economische analyses, niet-zeker te stellen in de markt.</p> <p>In vaste inkomsten handelsboeken, kredietinstrumenten worden gewaardeerd op basis van de opbrengsten van bonds en kredietspreidingen, die marktparameters op dezelfde manier vertegenwoordigt als interestvoeten of wisselkoersen. Het kredietrisico dat voortvloeit uit het schuldinstrument van de emittent is dus een bestanddeel</p> |

|         |       | <p>van marktrisico bekend als emittentrisico.</p> <p>Liquiditeit is een belangrijk bestanddeel van marktrisico. In tijden van beperkte of geen liquiditeit, kunnen instrumenten of goederen niet verhandelbaar zijn tegen hun geschatte waarde. Dit kan bijvoorbeeld voortvloeien uit lage transactievolumes, wettelijke restricties of een sterke disbalans tussen vraag en aanbod voor bepaalde activa.</p> <p>Het marktrisico gekoppeld aan bankactiviteiten omvat de rente- en valutarisico's die voortvloeien uit bancaire bemiddelingsactiviteiten. De risicogewogen activa van BNPP onderhevig aan dit soort risico bedroegen EUR 19 miljard op 31 december 2019.</p> <p>(5) <i>Liquideitsrisico</i> - Liquideitsrisico is het risico dat BNPP niet in staat is zijn verplichtingen na te komen of om een positie te af te wikkelen of af te handelen vanwege de marktomgeving of idiosyncratische factoren (d.w.z. specifiek voor BNP Paribas) binnen een gegeven tijds kader en tegen redelijke kosten.</p> <p>Liquideitsrisico weerspiegelt het risico dat de BNPP Group niet in staat is om aan huidige of toekomstige voorzienbare en onvoorzienbare contante of dekkingsvereisten te voldoen, over alle tijdspannes, van korte tot lange termijn.</p> <p>Dit risico kan voortvloeien uit de vermindering van financieringsmiddelen, verlagen van financieringsafspraken, een verlaging van de liquiditeit van bepaalde middelen of een toename in contante of dekkingsopvragingen. Het kan te maken hebben met BNPP zelf (reputatierisico) of met externe factoren (risico's in sommige markten).</p> <p>(6) <i>Operationeel risico</i> - Operationeel risico is het risico op verlies door ongeschikte of falende interne processen of door externe gebeurtenissen expres, per ongeluk of natuurrampen. Beheer van operationeel risico is gebaseerd op een analyse van de "oorzaak - gebeurtenis - gevolg" keten. De risicogewogen activa van BNPP onderhevig aan dit soort risico bedroegen EUR 69 miljard op 31 december 2019.</p> <p>(7) <i>Verzekeringsrisico's</i> - BNP Paribas Cardif wordt blootgesteld aan de volgende risico's:</p> <ul style="list-style-type: none"> <li>- marktrisico, risico van financieel verlies voortvloeiend uit ongunstige bewegingen van financiële markten. Deze ongunstige bewegingen worden opmerkelijk zichtbaar in koersen (inclusief, maar niet beperkt tot, valutawisselkoersen, obligatiekoersen, aandelenkoersen en grondstofprijzen, derivatenkoersen, onroerend goedprijzen...) en wordt afgeleid van fluctuaties in rente, kredietspreidingen, volatiliteit en correlaties;</li> <li>- kredietrisico, risico op verlies voortvloeiend uit fluctuaties in de kredietwaardigheid van emittenten van aandelen, tegenpartijen en schuldenaren aan wie de verzekeringen en herverzekeringen worden blootgesteld. Onder de schuldenaren worden de risico's die verband houden met financiële instrumenten (inclusief de banken waar BNP Paribas Cardif geld heeft ingelegd) en risico's die verband houden met vorderingen gegenereerd door de verzekeringstechnische activiteiten (inclusief maar niet beperkt tot innen van premies, herstel van herverzekering...) onderverdeeld in twee categorieën: "Activakredietrisico" en "Passivakredietrisico";</li> <li>- verzekeringstechnisch risico is het risico van financieel verlies veroorzaakt door een plotselinge, onverwachte toename in verzekeringsclaims. Afhankelijk van het type verzekeringsbedrijf (leven, niet-leven), kan dit risico statistisch, macroeconomisch of gedrag zijn of kan betrekking hebben op</li> </ul> |

| <b>E.2b</b> | Redenen voor het aanbod en aanwending van opbrengsten                                     | De netto-opbrengsten van de uitgifte van de Effecten zullen worden toegevoegd aan de algemene middelen van de Emittent. Deze opbrengsten kunnen worden aangewend om posities in opties of futurescontracten of andere hedginginstrumenten aan te houden.                                                                                                                                                                                                                                                                                                                        |
| <b>E.3</b>  | Voorwaarden van het aanbod                                                                | <p>Deze uitgifte van Effecten wordt aangeboden in een Niet-vrijgesteld Aanbod in Frankrijk en België.</p> <p>De uitgifteprijs van de Effecten is vermeld in de tabel in onderstaand Element C.20.</p>                                                                                                                                                                                                                                                                                                                                                                           |
| <b>E.4</b>  | Belang van de bij de uitgifte/aanbieding betrokken natuurlijke personen en rechtspersonen | <p>Managers en de aan hen verbonden partijen kunnen zich ook reeds bezighouden, en zich in de toekomst bezig gaan houden, met transacties op het gebied van investment banking en/of commercial banking met (en kunnen andere diensten verrichten voor) de Emittent en de Garant en de aan hen verbonden partijen in de gewone bedrijfsuitoefening.</p> <p>Anders dan hiervoor vermeld, voor zover de Emittent weet, heeft geen persoon die betrokken is bij de uitgifte van de Effecten een wezenlijk belang in de aanbieding, waaronder begrepen tegenstrijdige belangen.</p> |
| <b>E.7</b>  | Kosten die door de Emittent aan de belegger berekend worden                               | Er worden geen kosten door de Emittent aan de belegger berekend.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
